

M&S Product List

Products That Are Suitable for VEGANS

Dear customer,

This list has been designed to help make it easier to find foods suitable for a vegan diet across our stores.

This list of products has been divided into food categories (e.g. global meals and desserts) to make it easier to navigate through our ranges. This list doesn't include foods which are inherently suitable for a vegan diet, such as fruit and vegetables, tea or pasta, or foods served at our fresh counters or cafes due to risk of cross contamination. Many of our Beers, Wines and Spirits are suitable for vegan diets and relevant bottles will carry the 'suitable for vegan diets' statement on the back of pack. Any of our M&S staff will be able to help you find products from the list in store.

These lists are updated on a monthly basis to capture new products and recipe changes. You can request a new list directly from nutrition@marksandspencer.com or download your own copy from www.marksandspencer.com/health

Products on this list will not contain any of the following ingredients and have been made under controlled conditions to prevent contamination with these ingredients.

- Meat, fish or poultry protein or any products derived from slaughtered animals (e.g. animal lecithin, animal rennet)
- Animal carcass fats (including suet, lard or dripping)
- Meat, fish or bone stock
- Gelatine, aspic, cochineal, shellac or carmine
- Egg or egg derivatives
- Milk or dairy products (e.g. butter, yogurt, cream, cheese etc) or dairy derivatives
- Honey

Labelling

Look out for the vegan logo and vegan statement on back of pack to help find suitable products for your diet.
